

HI!, YOU'RE INVITED TO BE A PART OF CUBIC UNIVERSE!

*Empowering Enterprise Agility through Strategic
Innovation Ecosystem.*

Cubic: Your Strategic Innovation Partner

Bridging Enterprise Resources with Startup Agility

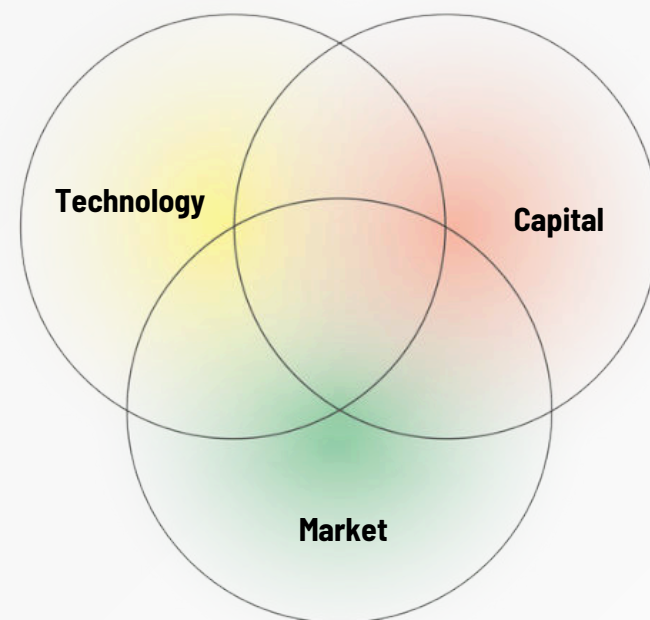

Established in 2016, Cubic has evolved from a startup incubator into a comprehensive Strategic Innovation Partner. We assist corporations and government bodies in navigating the Industry 4.0 landscape by orchestrating a seamless ecosystem.

Unlike traditional incubators, our "3-in-1 Ecosystem" approach integrates Technology Implementation, Capital Access, and Market Expansion—delivering not just trained participants, but legal, digital, and bankable ventures ready for strategic collaboration.

"We don't just incubate ideas. We engineer measurable business outcomes for our partners."

The Cubic Ecosystem: An Integrated Innovation Engine

1. **Deep-Tech Implementation**

Connecting corporate operational challenges with verified startup solutions (Industry 4.0 Focus)

2. **Capital & Venture Orchestration**

Connecting corporate operational challenges with verified startup solutions (Industry 4.0 Focus)

3. **Market Access Acceleration**

Integrating products into digital supply chains and mass-market ecosystems.

Our Solution for Enterprise

End-to-End Innovation Services
tailored for Enterprise Needs

■ Innovation Consulting & Research

Incubator Setup & Development

Assists government agencies, private companies, universities, and other organizations in establishing and developing business incubators.

Policy Making

Supporting government/SOEs in formulating guidelines for entrepreneurship programs.

Cubic Research Labs

Assist governments, businesses, and startups in conducting research on small and medium-sized enterprises (SMEs), innovations, and other related topics.

■ Program Management & Ecosystem Activation

End-to-End Execution (KUBIKA EO)

Full-service execution of incubation programs, hackathons, and corporate innovation events.

Curriculum Design

Creating a Measurable Business Training Syllabus for Hard and Soft Skills

Tenant Management

Managing the administration and monitoring of program participants

■ Venture Access & Networking

Investment Readiness

Preparing corporate-backed startups for investment requires a strong business model, a clear value proposition, and a scalable plan to attract investors.

Speed Dating & Business Matching

Connecting startups participants with our network of VCs, Angel Investors, and strategic partners.

Cubic Acceleration Framework

We don't just train. We transform.

Discovery & Validation

Map out market needs and the potential of SMEs and startups before the program begins, focusing on targeted scouting rather than mere mass recruitment. Each participant undergoes an initial audit covering financial status, legal compliance, and digital readiness.

Capacity Building

Rigorous curriculum focusing on business fundamentals, financial literacy, and legal compliance to ensure operational readiness.

Expert Mentorship & Industry Immersion

Direct exposure to industry best practices through site visits and mentorship from seasoned practitioners (CEOs & Industry Leaders).

Commercial Validation & Deal-Making

Facilitating real transactions through B2B Matching, Investor Speed Dating, and Commercial Demo Days.

Success Stories

We invite you to grow within a network that **has collaborated with 100+ cross-industry partners.** Our experience in handling for various business scales ensures that each tenant receives support from experts who deeply understand market dynamics.

Redefining Creator Support

Since graduating from the Cubic Startup Incubator (Cubic SII), Trakteer has emerged as Indonesia's premier monetization platform. By bridging the gap between creators and fans, we empower thousands of artists, writers, and streamers to monetize their passion and build thriving communities.

Shaping the Future of Child Development

As a prominent alumnus of the PBBT program, Kiddo.id has established itself as Indonesia's premier kids' enrichment ecosystem. With over 1,300 verified merchants and 2,000+ activities, Kiddo empowers 15,000+ parents through its proprietary growth tracking and intelligence assessment tools going far beyond a traditional booking marketplace.

Bridging the Gap in the Coffee Industry

A pioneer in the specialty coffee sector, Bepahkupi integrates technology with sustainable farming practices to connect local farmers directly to global markets. As a Cubic graduate, they have built a transparent supply chain that ensures premium quality for consumers while significantly empowering Indonesian farming communities.

Elevating Culinary Heritage

Kylafood has revolutionized Indonesia's traditional snack industry by bringing local flavors to a nationwide audience. By combining authentic heritage recipes with modern food technology and a digital-first distribution strategy, Kylafood has successfully transformed authentic street food into premium, high-demand consumer goods.

Let's Build the Next **Big Thing** Together

Our portfolio is a testament to the power of structured incubation. Whether it's digital platforms or tech-enabled traditional sectors, we help founders bridge the gap between idea and industry leader.

Cubic's Network Ecosystem

We don't just run programs, we build ecosystems. By partnering with top-tier experts in their respective fields, we act as a high-performance extension of your business. This collaborative synergy ensures that every initiative we launch is meticulously designed to accelerate your growth

Delivering Impact: Our Legacy of Proven Programs

Cubic has a documented history of bridging the gap between potential and performance. From institutionalizing digital competencies for government ministries to modernizing local **Startups, MSMEs, and Coops** our executed programs demonstrate our ability to turn complex challenges into tangible economic growth.

ENTREDEV Entrepreneur Development

Cubic, KemenkopUKM

- **Challenge:** Many high-potential SMEs face growth stagnation (the "middle-income trap") due to a lack of professional business consulting and limited access to strategic networks required for scaling.
- **Solution:** Cubic executed a Consultancy-Driven Accelerator that moved beyond basic training. We provided tailored business diagnostics, expert-led mentorship, and direct resource mobilization to unlock growth bottlenecks for selected entrepreneurs.
- **Impact:** Successfully transitioned participants from survival mode to sustainable growth, fostering a new layer of resilient, scalable enterprises that contribute directly to regional economic stability.

Speed Dating & B2B Business Matching Startup For Industry

Cubic, ANGIN, Kemenperin

In collaboration with the Ministry of Industry (Kemenperin) and ANGIN, Cubic successfully orchestrated the 2022 Speed Dating and B2B Business Matching as a cornerstone of the Gebyar IKMA event. This high-impact forum was designed to bridge the gap between innovation and capital, facilitating direct interaction between 42+ curated elite startups and dozens of strategic partners. The event brought together over 20+ prominent investors, venture capitals, and private sector leaders to explore technology implementation and new business line developments. By creating this exclusive matchmaking environment, Cubic has proven its role as a key catalyst in accelerating business-to-business synergies at a national level.

Final Pitching Startup For Industry

Cubic, Kemenperin

In late 2024, Cubic and the Ministry of Industry (Kemenperin) reached the culmination of the Startup4Industry competition with an intensive Final Pitching session. Out of 206 high-potential applicants, only 20 elite finalists were selected to execute real-world technology implementation projects with SME partners. These finalists presented their transformative results to a panel of experts, proving that Indonesian tech providers are ready to scale industrial efficiency through biotechs, ERP systems, and green energy innovations

International Co-Incubation

Armenia - United Kingdom

Cubic Startup Incubation is proud to partner with the Foundation for Armenian Science and Technology (FAST) in a strategic international co-incubation program. Kiddo.id was successfully selected as a key participant in our international co-incubation with FAST Armenia. Out of numerous candidates, Kiddo.id proved its scalability and technological potential, earning the opportunity to represent Indonesian innovation on the global stage.

LPDB Incubator

Cubic, LPDB Koperasi

- **Challenge:** Traditional village cooperatives often struggle with outdated governance, low financial literacy, and lack of digital integration, hindering their potential as engines of rural economic growth.
- **Solution:** Cubic delivers a Modern Cooperative Acceleration framework. For 2026, we are spearheading the strategic Koperasi Desa Merah Putih (KDMP) pilot, transforming village cooperatives into professional, digitally managed enterprises ready for industrial partnerships.
- **Impact:** Successfully upgrading traditional entities into Modern, Bankable Cooperatives. This initiative secures the rural supply chain and creates resilient economic hubs at the village level.
